

JANEL

HOUSE OF HYGIENE

COMPANY PROFILE

Introduction

Founded in 2020, Janel products ltd set out itself to be the leading manufacturers and distributors of high-end hygiene products in East and Central Africa.

We apparently operating in Uganda with our head offices in kyaliwajjala along the KIREKA - NAMUGONGO RD.

HISTORY

Following the outbreak of covid-19 in 2020, a gap in the hygiene and sanitation sector was exposed as the country had limited supply of some hygiene products most especially the instant hand sanitizer.

To meet the need, Janel products was founded and it served different partners which included corporate companies, refugee camps and other private institutions

As of now, we are on the mission to provide Ugandans with affordable quality hygiene solutions that prevent infections while promoting food safety and clean environments in which people thrive in.
